# Message From Founders

Since our establishment in **2015**, we have been dedicated to making a meaningful impact in the construction industry.

Our mission is to build a reputable image rooted in **integrity, performance and customer satisfaction**. We prioritize our clients' needs, ensuring their goals remain at the forefront of every project, while maintaining an unwavering commitment to quality and safety.

Throughout our journey, we have overcome numerous challenges, consistently delivering projects on time and with exceptional efficiency, this has allowed us to foster strong and enduring relationships with our clients, built on mutual trust and confidence.

Our team is committed to staying at the forefront of the industry's latest **design, innovations and construction technologies**. We embrace continuous learning as a core value, seeking opportunities to enhance our knowledge and skills.

As we look to the future, we are eager to collaborate on new opportunities in both the **government and private sectors**, leveraging our expertise to contribute to your success. At our core, we believe that true success is achieved through teamwork and shared accomplishments.

# VISION

To be a trusted leader in the construction industry, delivering exceptional quality and innovative solutions while building lasting partnerships.

# MISSION

At EGY SMART, we are committed to:

- Deliver high-quality construction services exceeding client expectations.
- Ensure efficient and timely project completion.
- Foster innovation and adopt modern construction practices.
- Build lasting partnerships based on trust and mutual success.

# Our DNA

**01**

## Quality

is our core of doing business.

**02**

## Commitment

that level of commitment that build trust.

**03**

## Team Work

When skills & ideas joined together to achieve a common goal .

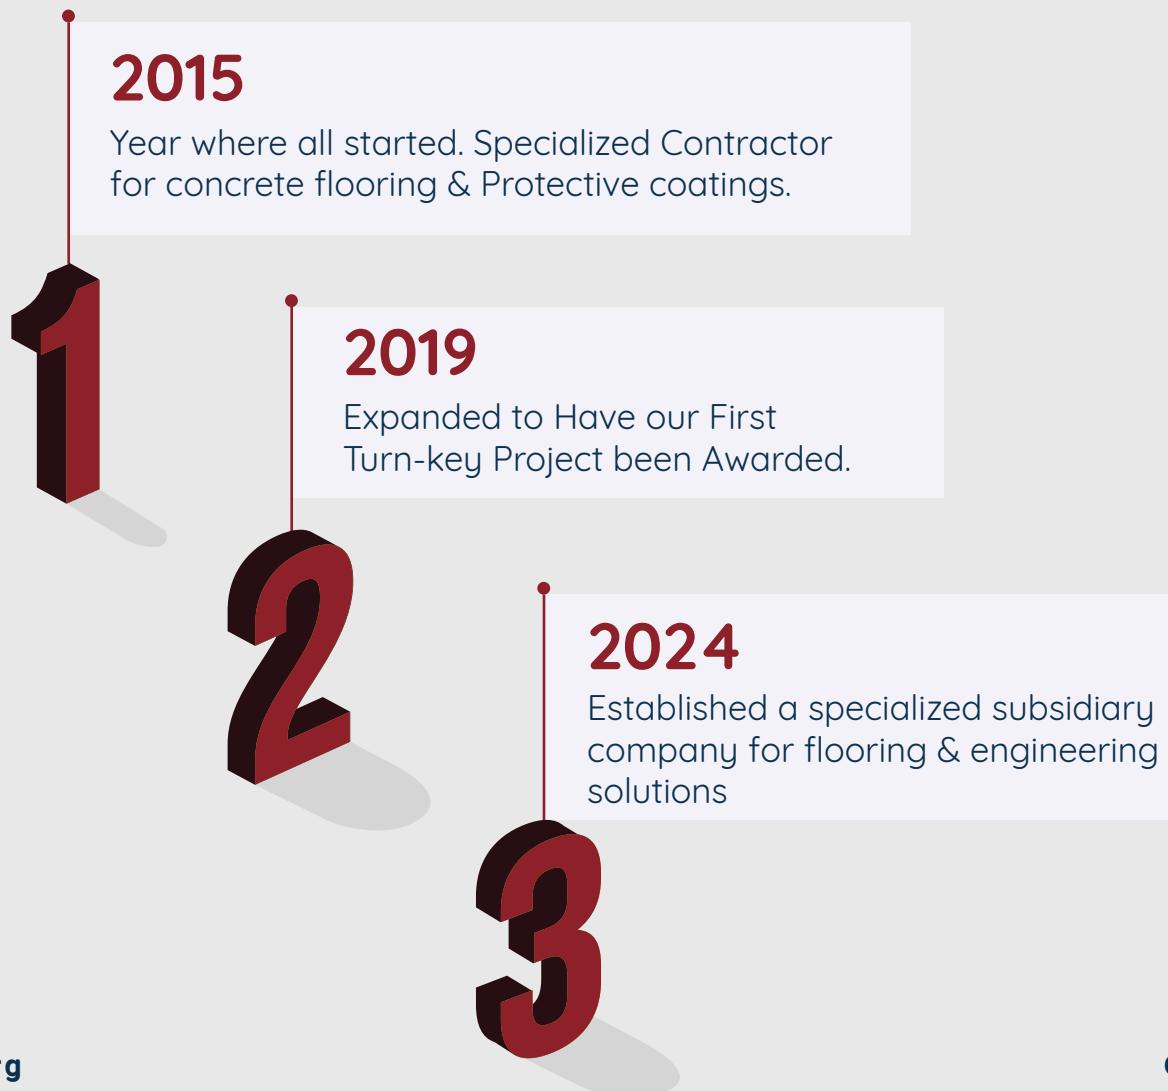

**04**

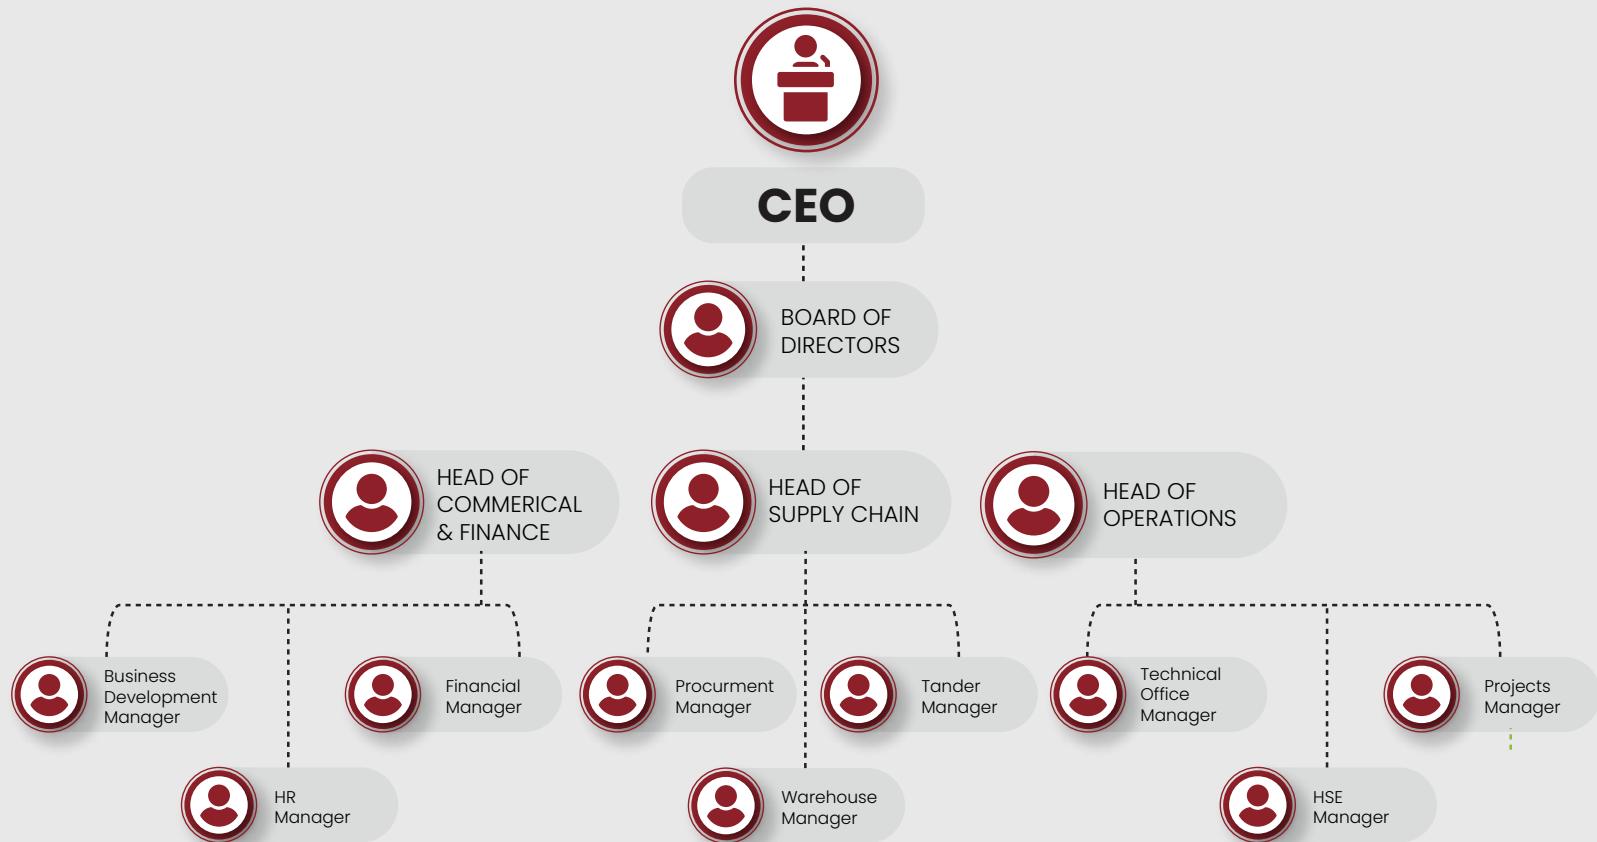

## Safety

is not an option; it is a home mark.

# **OUR PROJECTS**

## **CONCRETE FLOORING SYSTEMS**

[egysmart.org](http://egysmart.org)

# CONCRETE FLOORING SYSTEMS

**EGY SMART** specializes in all aspects of concrete flooring, expertly catering to both indoor and outdoor applications.

**EGY SMART** offers a complete industrial concrete flooring service including fixing reinforcement, concrete pumping, laying and finishing concrete, high tolerance floors, and surface hardeners, enabling you to benefit from our experience at industrial concrete flooring without having to employ operatives directly.

We offer a range of concrete flooring finishes, based on the Value Engineering» concept, we choose the most suitable designs and method of the application according to (American Concrete Institute- ACI, British Standard -BS, Portland Cement Association- PCA) and other international institutes which interested in that field.

## **Our range of services and products covers:**

- 1- Design and build service.
- 2- Design review (value engineer).
- 3- Super flat long strip system.
- 4- Free-plan (joint less) slab on grade system using steel fibers.
- 5- Decking and screed systems.
- 6- Landscapes (stamped, colored, exposed aggregate).

# COMMERCIAL OPERA GARAGE

New Capital

- OWNER: NUCA
- CONSULTANT: ECG
- MAIN CONTRACTOR: ORASCOM
- BUA: 30,000m<sup>2</sup>
- SCOPE OF WORK: S.O.G

- BUA: 10,500m<sup>2</sup>
- SCOPE OF WORK: S.O.G
- LOCATION: 6TH OF OCTOBER

# OUR PROJECTS

## PROTECTIVE COATING

## PROTECTIVE COATING PROJECTS

### Epoxy range

We believe that clean environment comes from clean floors. EGYSMART offers different types of high-quality flooring coating systems for many different usages, whether it's industrial, pharmaceutical, parking lots or any other industry, using the latest technology in application and precise testing equipment.

# PROTECTIVE COATING PROJECTS

## (200 -500 microns) EPOXY PAINTING FLOORING SYSTEM

High performance finishing that is designed specifically for floors which are subjected for low to medium mechanical and chemical attack through which we prevent the main structure body for abrasion or corrosion. **It may be presented through one of the following types:**

1. Solvent free system.
2. Solvent base system.

### **Application:**

- I. Floor of parking lots in buildings.
2. Multiple use for facilities such as  
(big markets-warehouses, etc)

### **Characteristics:**

1. Great anti abrasion.
2. High chemical resistance.
3. Beautiful exterior.

# PROTECTIVE COATING PROJECTS

**Epoxy range**  
**(600 -1500 microns)**

## **EPOXY MULTI-LAYERS FLOORING SYSTEM**

Commonly used for in-door flooring for wetted areas (Anti-Slipage system) with heavy duty traffic with excellent noise control and antiskid function. **It may be presented**

**through one of the following types:**

1. One layer {800-600 microns} system.
2. Two layers (1500-1300 microns) system.
3. Anti- slippage system for Ramps and wetted areas.

### **Application:**

- I1. Packaging areas.
2. Concrete roads.
3. Manufacturing lines.

### **Characteristics:**

1. High abrasion resistance.
2. Anti-slip.
3. Noise control.

## PROTECTIVE COATING PROJECTS

### Epoxy Range

(5.5 -10.0 mms)

#### **EPOXY MORTAR FLOORING SYSTEM**

Commonly used for heavy duty working zones, such as pedestrian aisles, garage ramps, breaking areas for cars, etc. Also used to get Anti-abrasion high resistance which depending on the system thickness.

**It may be presented through one of the following types:**

1. Light duty (1.5mm) system.
2. Medium duty (3.0mm) system
3. High duty {4.0mm} system.

# EI-SALLAB FACTORY

10th of Ramadan City

- **CONSULTANT:** EL-SALLAB
- **MAIN CONTRACTOR:** EGYSMART
- **BUA:** 21,000m<sup>2</sup>
- **SCOPE OF WORK:** 5.0. G - EPOXY
- **LOCATION:** 10TH OF RAMADAN CITY

# COMMERCIAL ABC BANK

5th settlement

- MAIN CONTRACTOR: REDCON
- CONSULTANT: ECG ENGINEERING CONSULTING GROUP
- SCOPE OF WORK: STAMPED & SOG FLOORING

## FOUR SEASONS HOTEL

Alexandria

- **SCOPE OF WORK:** EPOXY
- **LOCATION:** ALEXANDRIA
